

CMSI is a full-service medical management company, founded by healthcare professionals who saw a need for specialized medical management at both the company and employee level.

Our concierge approach puts members and their healthcare needs front and center, while our innovative data analytics, outreach and preventative programs keep members healthy and costs down.

CMSI's diverse clinical team understands how ongoing medical conditions or difficult diagnosis can be challenging for both the member and employer. We are familiar with navigating the complexities of the healthcare system, and the difficulties our members face. We pride ourselves on maintaining a caring philosophy that remains at the core of everything we do.

Care Navigation

CMSI's professional care navigators assist members in finding the highest quality providers at the most cost-effective prices. Our clinicians are experienced in engaging members, educating, and guiding them through their healthcare journey.
